Professional-Grade

The CE Labs TD Series displays have a powerful Android OS and are designed specifically for digital signage that engages, informs, and entertains.

APPS

CE Labs TD Series display platform supports hundreds of apps. With endless possibilities we have a business solution right for you.

3 Year Warranty

All TD Series displays are built for professionals and come superior customer support and a standard with a 3 Year warranty.

PRODUCT OVERVIEW

The CE Labs all-in-one Touch Display series is one of the most versatile product lines on the market. The TD Series, powered by Android, outperforms the competition with a best-in-class 10-point INCELL Touch IPS display, integrated Wi-Fi. The TD product line is available in black or white and a variety of sizes. With their compact form factor and sleek design, CE Labs touchscreen displays provide a cost-effective, commercial-grade solution ideal for professional applications that require reliable 18/7 performance.

With CESync™, our intuitive out-of-the-box experience makes connecting your Touch display quick and easy. With the addition of one of our many SaaS partner apps, a CE Labs touch display is ideal for retail point of purchase displays, interactive kiosks, corporate, and hospitality environments.
